Dear Friends in **Christ**,

"And the Earth shall be filled with the knowledge of the **Glory of the Lord**"

I have just returned from an extremely hard (physically) and dangerous trip from the Nepal/Tibet border mountains.

This may have been the most challenging trip that I have ever had in 15 years of missions due to the altitude, wild tigers, Maoist Rebels, riots Demonic Witchcraft and physical exhaustion.

Partnering with us was a good friend, Jay Newsom of "Hope of the World" ministries.

Upon arrival in Kathmandu, we were told that we couldn't work our original plan in the city of TapleJung, due to the entire southern half of Nepal was under road blocks and curfews. The people that we were with decided for us to go north to the Tibet border. *(which I have always wanted to do).*

For the first few days we stayed and worked out of a small one road village several hours north of Kathmandu, up in the mountains. We drove the first day up the side of a large mountain and preached out in the open to Hindu/Buddhist. The people were not very open to us but we proceeded on. At the end of preaching, they brought a lady who was Demon possessed. They said "Our **GOD** is a little backward sometimes - can you heal this girl? We proceeded to cast Devils out of her until she was set free. The people had little response except for one man, who invited us to his house. He said he was interested in our **GOD** and wanted to know more. *(GOD always has someone ready even in totally pagan societies).*

From there we went down a ways and stopped and preached again out in the open. As I was preaching "**Jesus The Only True God**", the people began to mock and laugh at me. I asked for those that needed healing to come forward. They brought a man who was paralyzed from a stroke. As I ministered to him, the power of **GOD** hit and the man started walking. At this time, I heard a loud scream and saw that a young girl had fallen out and was rolling around on the ground "**Demons**" Jay said - you continue with the man and I will cast the Demons out." After a few minutes the man was walking fine so I joined Jay to cast the Demons out. The girl got totally set free and the crowd became very quiet. One man said out loud "**The Spirit in these two men is very strong!**", but they still wouldn't receive Jesus openly. As we got in the car to leave, one of the workers said that when the girl fell down, the Demons spoke out loud to the crowd and said "*I cannot look at these two men, so I will just faint!*".

Dear Brothers and Sisters - We are to be filled with the **Holy Ghost** to where when we walk in - Demons should run, screaming. We are called to be **Atmosphere Changers!**

From there our car broke down (2 days repair) and we went by Public Bus (sitting on top) up the mountain to preach. We were sitting down drinking some Mango Juice when a young man came in limping on crutches. He had broken his ankle and was in pain. We asked if we could pray for him. At the end of the prayer, we told him to walk in **Jesus** name without the crutches - He did and said all the pain had left. He put his crutches under his arm and walked out. (Just like the Bible when Jesus told a crippled man to rise, take up thy bed and walk). Because of this another young man asked us to pray for him and he received **Christ!**

We continued up the mountain and Jay was preaching to a small crowd. They also were mocking us and **Jesus**. They said "If your **God** is real, we will test Him - they sent for a deaf man (one ear) and on the 3rd prayer he heard perfectly. The crowd got very quiet, but nobody came publicly to **Jesus**. They really couldn't believe what they had seen.

In another village we shared to a crowd for several hours but nobody came forward (much fear of persecution). As we walked out to leave a man ran after us and wanted us to come to pray for a paralyzed lady who had not walked in 4 years. As we prayed for her we said - "walk in the name of **Jesus**" and she did to everyone's amazement. She and 4 others prayed to receive **Christ!**

It was now time to leave this area of work and move further north (45 minutes from Tibet) and go up, up, up and up! As we left, we were told that exactly one week before we arrived - The village people publicly hacked to pieces with large knives three men for saying insulting things. Also, a few years earlier Maoist Rebels publicly beheaded 60 people in that same village! Wow! Jay and I didn't even know that! From there, things got a lot harder. We drove up a mountain as far as we could and from there, we proceeded to walk 5 to 6 hours straight up a large mountain! We were stopping every 15 minutes to rest and breathe. I couldn't believe it -there was no end to going straight up (no angles) just straight up. After several hours Jay and I were not sure we were going to make it! We were totally exhausted!

We came to an area with dense forest vegetation trees, and bushes - it was straight up - we said "We must rest -can go no further" and then our guide said "NO!". - "**Too dangerous, one must continue up out of this area**" I said "Why?" he said "**This is where the tiger stays and I just heard one growl right here in the bushes. He is watching us. - Must Go Now!!**" (**I thought, nobody mentioned tigers**). We moved on totally exhausted only by the grace of **God**.

We arrived at a house on the side of a high drop off. We couldn't believe it when we looked down and saw where we had come from. We both had headaches and were concerned about altitude sickness. From the best we could figure out (ToPo maps) we were 12-13,000 feet. We slept there on the side of the mountain (with tigers) and ministered there the next day. This was Tibetan Buddhist territory and full of Buddhist Witchdoctors called "Lamas".

We found out that there had been child sacrifices and other killings in this area. We shared the Gospel and 18 people (Buddhist) got on their knees and received **Christ**. We ministered all day and into the night. Jay and I kept getting words of knowledge and would speak it out. The people said "How do they know this?" Many were healed and the kingdom of **God** went into a Dark/Dark place.

The next day we spent several hours going back down and proceeded to "Kadari" (Bordertown of Tibet/Nepal). Our people said it was too dangerous for us to stay, so we left and returned to Kathmandu). For the next two days, Jay and I had altitude sickness (headache, absolutely no energy). We were 100% exhausted. While there, we were asked to speak at a missions/church leaders conference of the ministry that we had worked with. We released the power of the **Holy Spirit** and people were healed, filled and powerfully touched for several hours.

As it was getting time to leave the country we were in downtown Kathmandu when riots broke out in the streets (*anti-gov.*). We ran for our car, going street to street in no pattern - trying to out run the protestors who were burning things in the road. We escaped into a restaurant for several hours. The next day we were afraid we would miss our flight (*Due to road blocks*) so we left very early in the A.M.

The **LORD** spoke to me on the mountain top and said "Since the dawn of time, these mountains (High Places) have been under control of a Demonic Principality called the "Dragon" who works with the Tiger Spirit on the ground."

This team has pierced a hole of light in a totally Dark Demonic Veil that has been over this part of the Himilayas forever.

IT WILL NEVER BE THE SAME!!

A special thank you to all you wonderful partners who gave/prayed for these people to hear of the

"LOVE OF GOD".

As I tell you in every letter

"This ministry has been called by God to go where none or few have been - out to the forgotten, primitive people who live in the wild, remote bush/jungle.

I thank you in advance for your prayers and financial support.

To King Jesus Go All The Glory
