Dear Friends in **Christ**,

"And the earth shall be filled with the knowledge of **The Glory of The Lord**".

I have just returned back home early from the Masai of Kenya after 5 days of work due to the unexpected/sudden death of my younger brother, David Lewis.

David was 56 years old and in January of this year, we moved him from Bryan College Station to Garland so that he could be with us and our 82 year old mother.

He left us way too soon and I didn't get a chance to tell him good bye. I'm sure many of you who read this have sadly been through the same. I did call him on the way to the airport and told him "I love you". David knew the **Lord** and one day I will see him again---Thank You Jesus---

Even though we (Jay Newsome of "Hope of The World Ministries" and myself) only had 5 days to work, the **Lord** was showing **Himself** mighty in a short period of time.

The drought had forced the people to migrate anywhere there was water (of any kind) but **God in His** sovereignty knew that our time would be short and **He** allowed us to find people by a half dried up river and at a one day a month govt. food (corn) hand out at a small school in the bush.

The people had come from all over to get a bag of maize and we preached the gospel to 70-80 Masai all at once. There was no way that we could have gotten to all those people---so the **Lord** brought them to us. At least 60, knelt down in the hot sand and prayed to receive and worship only **Jesus**. What a blessed sight to see.

One man really touched my heart in a small village (by the half dry river.)

As I was describing what heaven is like (in their terms)---one older man shouted out in his language "this is a wonderful place, but none of us know how to get there". I said, "Good news has come to your village today"! **Praise God** for those of you who pray and give so that I can go!

The bible says in Ecc 3:11 that **God** has put eternity in the heart of all men! Sadly---many still wait to hear this good news. They are precious people---**God** loves them---and they have a right to hear at least once, even as my brother had died here, we experienced the death of a young Masai boy about 200-300 yards at the bottom of a hill that we were preaching on.

A wild Zebra attacked the boy and severely bit him. We used our land rover to hurriedly rush the boy to wildlife/ranger station, where they radioed for help. We heard the next day that the boy died. Upon hearing that, I instantly heard the **Lord** say "he (the boy) is giving a first hand report to your brother up here".

In all---over 200 Masai prayed to receive **Christ** and there were already several miraculous healings including totally blind eyes and deaf ears.

To King Jesus Go All The Glory!
